

Cupcake Liner Garden

Materials:

- 1 white construction paper
- green construction paper (optional)
- 3 green stems (construction paper strips)
- 3 cupcake liners
- 9 pom poms or buttons
- scissors
- glue

1. Lay your white construction paper sheet vertically
2. Place your 3 construction paper strips vertically on the paper, leaving some space in between and glue them down.

3. Push your cupcake liners inside out and glue the center at the top of each stem.
4. Place some glue in the center of the cupcake liner and glue 3 pom poms in the center of each liner.
5. If you would like to make leaves, you can use green construction paper or a regular sheet of paper and color them green before cutting out and pasting them in your garden.

Enjoy!
