

Shooting Star Launcher

Materials:

- pom poms or colored cotton balls
- 1 paper cup (bottom cut out)
- 12 inch balloon (tip cut off)
- markers
- scissors

1. Cut out the bottom of the paper cup by poking a hole through it and ripping out stray pieces.
2. Stretch out your balloon a few times, then knot it up.
3. Decorate your paper cup using markers or paint.
4. Using scissors, cut off the very tip of the balloon and place the remains around the bottom opening of the cup.
5. Place the pom poms inside the cup, pull back the knot of your balloon on the bottom of the cup and let it go.
6. Watch your shooting stars fly high into the sky!

Enjoy! 😊
