

Glow in the Dark Slime

Materials:

- 1 bottle of glue (5-8oz)
- ½ Tablespoon baking soda
- 1 tablespoon saline solution
- bowl

1. Mix the bottle of glue, baking soda together in the bowl.
2. Slowly add saline solution- then mix. Add more saline solution as needed (this changes the consistency of the slime).
3. Feel free to also add more baking soda!
4. Turn out the lights and watch it GLOW!

Enjoy!
